Community High School

I recently graduated from Community High School (go rainbow zebras)! I'm very excited to be attending Northern Michigan University next year for environmental studies. Through my high school journey I participated in the ecology club, NHS, and the Varsity Skyline Cross Country and Track teams. I also volunteered at Food Gatherers and Habitat for Humanity. I was awarded MVP the past two years in Cross Country and participated in the MHSAA State meets for both Track and Cross Country. Here at Saint Nicholas, I participated annually in the St. John Chrysostom Oratorical

Festival and attended church school regularly. I would like to thank everyone at St. Nicholas for being so supportive of me throughout my entire life. Going through twelve years of church school has really helped grow my faith and has shown me the importance of living the Orthodox lifestyle. I cannot thank my family, Godparents, and church school teachers enough for all their love and support. They have shaped me into the person who I am today, and were amazing inspirations to me. I will strive to follow in their path and continue to work on growing strong relationships, faith, and knowledge in college.
